IECEP as a member organization of the Philippine Technological Council (PTC), concurrently supports the PTC - Women Engineers Network (WEN) – the organizer for the annual Lakambining Inhinyera competition aimed at promoting understanding, goodwill and cooperation among women engineers, exchanging ideas, concerns and supporting a common purpose for the benefit of the member engineering organizations.

For this year, the 6th Lakambining Inhinyera will be held alongside the 7th Philippine Women Engineers Summit 2023 on August 3-5, 2023 at Century Park Hotel Manila. IECEP Member Women Engineers are ENJOINED to attend and participate on the event with the theme of "Women Engineers and Scientists as Global Leaders in Sustainable Partnerships for Renewable Energies and Technologies". The summit recognizes the key players at the forefront of innovation in renewable energies and technologies, and leading the way in creating partnerships that are critical to achieving sustainability goals. The summit is also a venue for the speakers and participants to share their activities, programs, projects and technologies undertaken by women engineers and scientists.

On a related note, the Inaugural Miss IECEP competition was held as a side event of the recently concluded IECEP Midyear Convention 2023 on which Miss IECEP Cebu, Engr. Kimberly S. Enaron, was crowned as Miss IECEP 2023 which entitles her to represent the Institute in the Lakambining Inhinyera 2023. With this, the IECEP Community and General Membership together with the IECEP Chapters and its Chapter Leadership are also ENJOINED to throw in their full support to our crowned IECEP representative as she struts in full confidence the beauty and talent of an Electronics Engineer.
