ADMINISTRATIVE ORDER NO. 2022-07

**FOR: GENERAL MEMBERSHIP
LOCAL AND FOREIGN CHAPTERS
NATIONAL SECRETARIAT**

**SUBJECT: CLARIFICATORY POLICIES AND GUIDELINES FOR MEMBERSHIP GRADES OF
MULTIPLE LICENSE HOLDERS**

DATE: 13 JULY 2022

In view of the operationalization of various membership grades of IECEP, the following guidance is hereby provided.

- For ECT license holders only, IECEP shall accord the eligibility for ASSOCIATE MEMBERSHIP. Upon passing the ECE licensure examination of the Electronics Technician on a later date, the membership must be upgraded to REGULAR MEMBERSHIP. In this instance, the member may opt to retain only the ECE license.
- For ECE and ECT dual license holders at the time of application, IECEP shall recognize solely the eligibility for REGULAR MEMBERSHIP, a grade higher than Associate Membership, in acknowledgment of the member's attainment of being a full-pledged Electronics Engineer.
- Similarly, for PECE and ECE dual license holders, IECEP shall maintain the REGULAR MEMBERSHIP, while granting the member option to upgrade to LIFE MEMBERSHIP.
- Only one (1) membership grade shall be occupied by any member. In cases where eligibility caters to multiple grades due to dual or multiple licenses, the higher shall be the member's duly recognized and only grade, i.e. Regular for dual PECE and ECE; Regular for dual ECE and ECT.
- In special cases wherein the PECE still holds and maintains a valid ECE and ECT license, or an ECE still holds and maintains a valid ECT license — and renews with the Institute, the aforementioned rule on higher membership grade shall apply, i.e. Regular Membership.
- A single membership ID shall be provided for dual PECE and ECE, i.e. Regular Membership ID with PECE details; while special requests for additional ID printing on same membership grades but different License Details shall be charged based on prevailing rates, i.e. Regular Membership ID bearing licensure details of ECE.
- A single membership ID shall be provided for dual ECE and ECT, i.e. Regular Membership ID with ECE details being the higher form of membership grade; ID printing of Associate Membership ID bearing licensure details of ECT shall be prohibited to be consistent with the rule of maintaining only the higher membership grade.
- Members whose grades were applied and duly approved for upgrading, i.e. from Associate to Regular, and have complied with the requirements, shall be issued a new ID.
- It is hereby clarified that REGULAR MEMBERSHIP caters (a) Professional Electronics Engineers (PECE), (b) dual PECE and ECE, and (c) ECE only.
- Further, it is worth highlighting that licensure upgrade from ECE to PECE does not constitute an upgrade in membership grade, as the member shall retain REGULAR MEMBERSHIP status. However, as eligibility for PECE for practice of profession of at least seven (7) years, the member shall then be eligible for upgrading to LIFE MEMBERSHIP, details of which are to separately provided.

THE IECEP VISION

"A world-class organization of humane, competent, virtuous and globally-competitive electronics professionals"

- Upon qualification based on practice of profession, Associate Members may likewise apply for upgrading to Life Membership based on existing rules and regulations.
- Documents such as Certificate of Good Standing (COGS) shall bear the membership and the licensure details of the member.

THE IECEP MISSION

"To be the showcase of professional and technical development and a paradigm of excellence in applying the principles of electronics technology for the advancement of humanity"

This Order shall take effect immediately, upon publication at IECEP's Medium of General Circulation.

Signed by:

DR. MISHELL D. LAWAS, PECE
